

Web Conferences with BigBlueButton (BBB)

deutsche Version

For best results with BBB, we recommend using [Google Chrome](#)!

Service description

The computing centre provides its own web conference solution based on the open source software BigBlueButton (BBB). This service enables audio/video conferencing with webcams, presentations and screen sharing. TU employees and students can set up a room and use a link to invite colleagues, students and/or external participants, for example, from projects. BBB is integrated into the learning management systems Stud.IP and Moodle via plugins and can thus be used for online or hybrid teaching.

Link/URL

You can find the BBB server at <https://webconf.tu-clausthal.de>

Please familiarise yourself with the following instructions:

Instructions for using BigBlueButton

- [Creating and Managing Conferences with BigBlueButton](#)
- [Presenting and Sharing in a Web Conference](#)
- [Moderating a Web Conference](#)
- [Participating in a Web Conference](#)
- [Participating in a Web Conference via Telephone](#)
- [FAQ - BigBlueButton](#)

Further Information

- You can find video tutorials for BBB at <https://bigbluebutton.org/teachers/tutorials/>

- If you have any questions or concerns, please contact the [RZ support team](#), preferably by email [\[mitarbeitende\]](#), [\[studierende\]](#), [\[doku en\]](#)
