

Exporting the resources from CommuniGate Pro

This guide shows you how to export your address book, tasks and calendar from CommuniGate Pro.

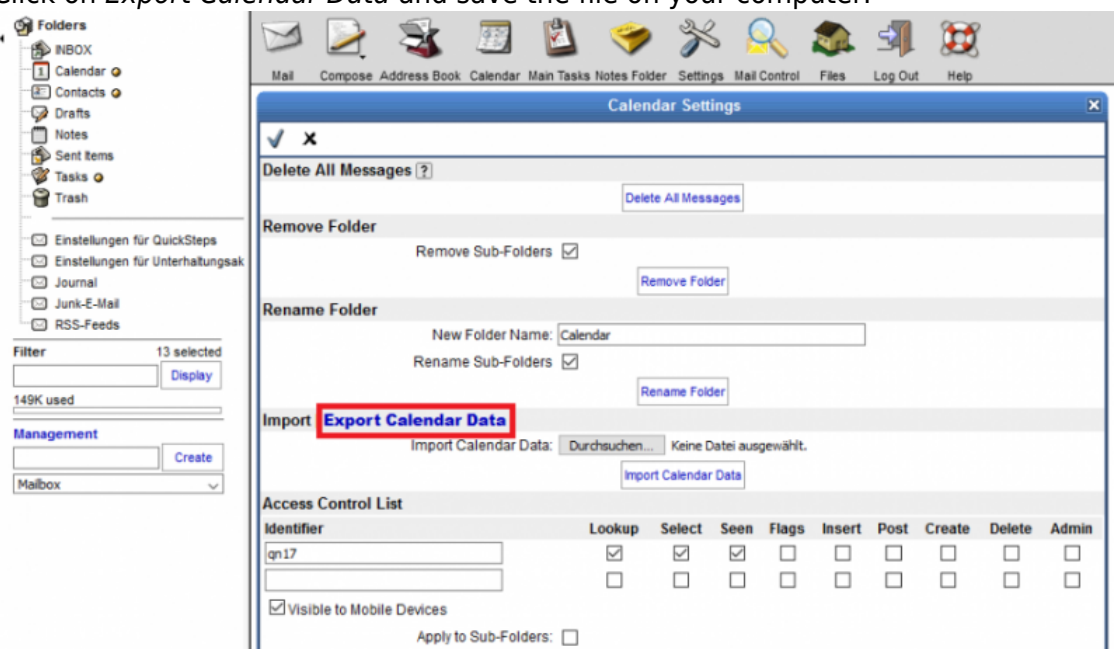

- Log in via the web interface of CommuniGate Pro. Click on the desired folder to be exported. It is important to **select the icon** instead of the text.

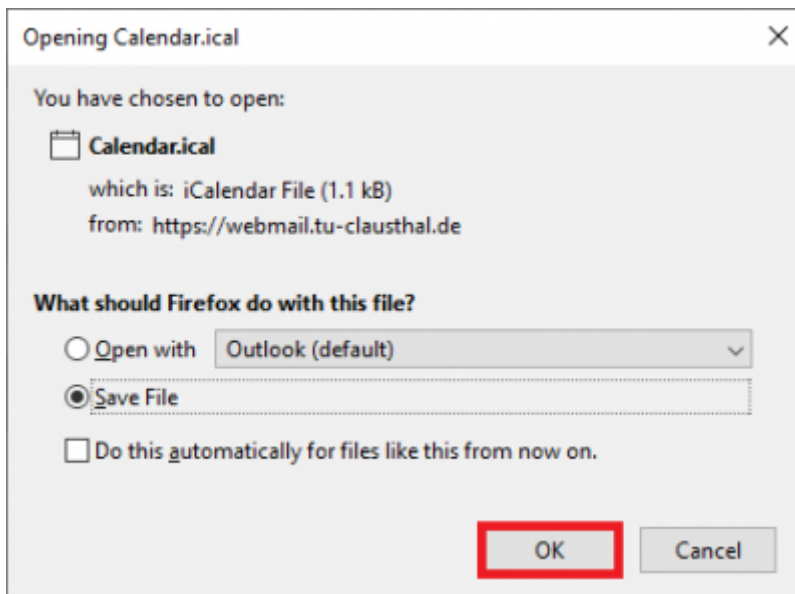

- Export operations of the corresponding resources:

1. Exporting the calendar

- Click on *Export Calendar Data* and save the file on your computer.

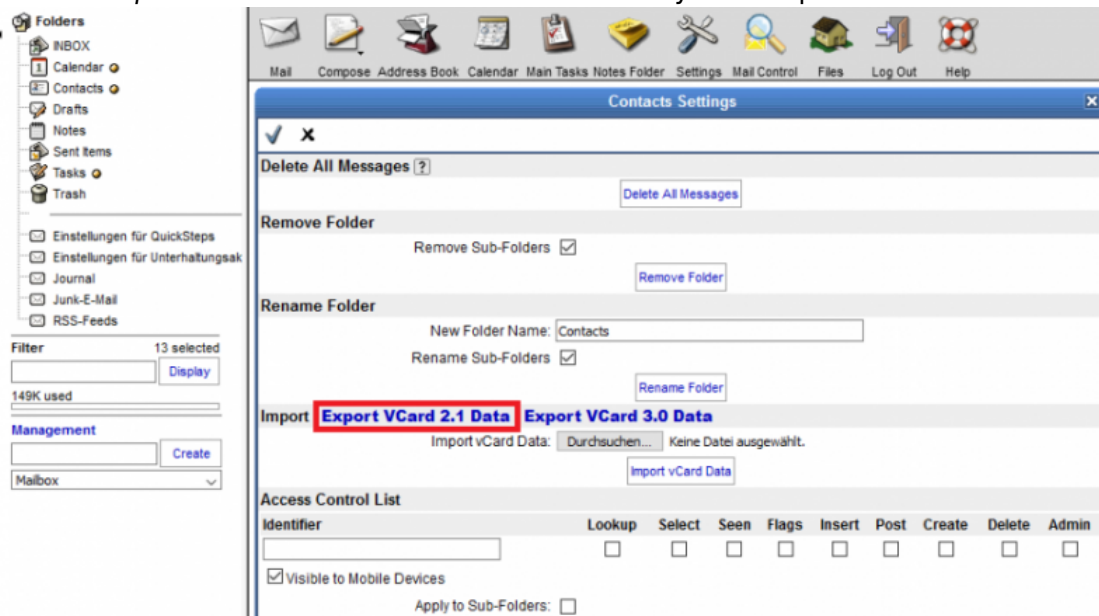

- Click on *Ok* to save the file.

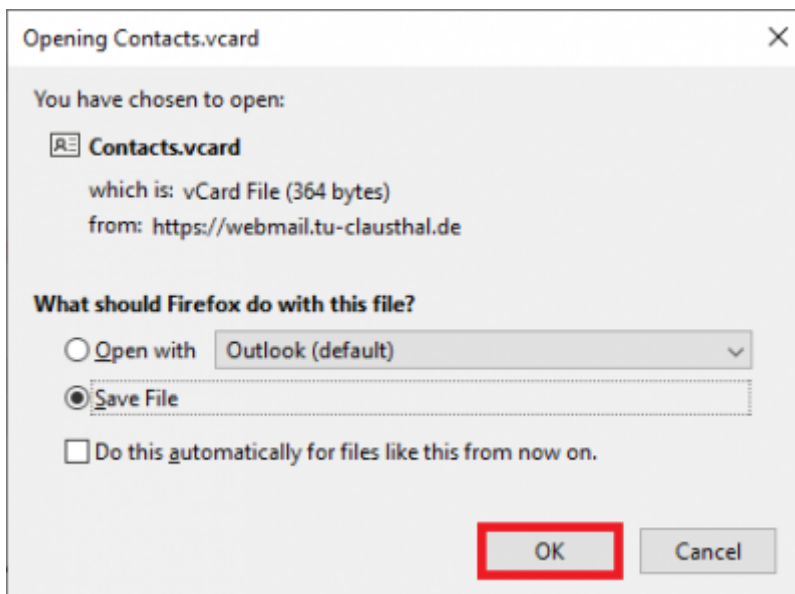

2. Exporting the address book:

- Click on *Export VCard 2.1 data* and save the file on your computer.

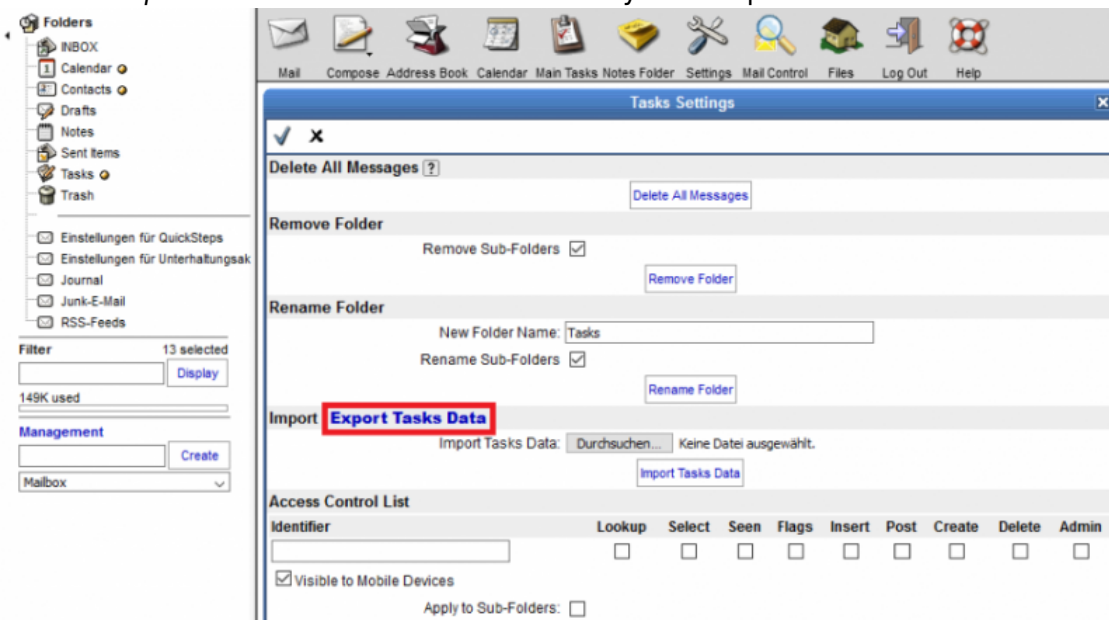

- Click on *Ok* to save the file.

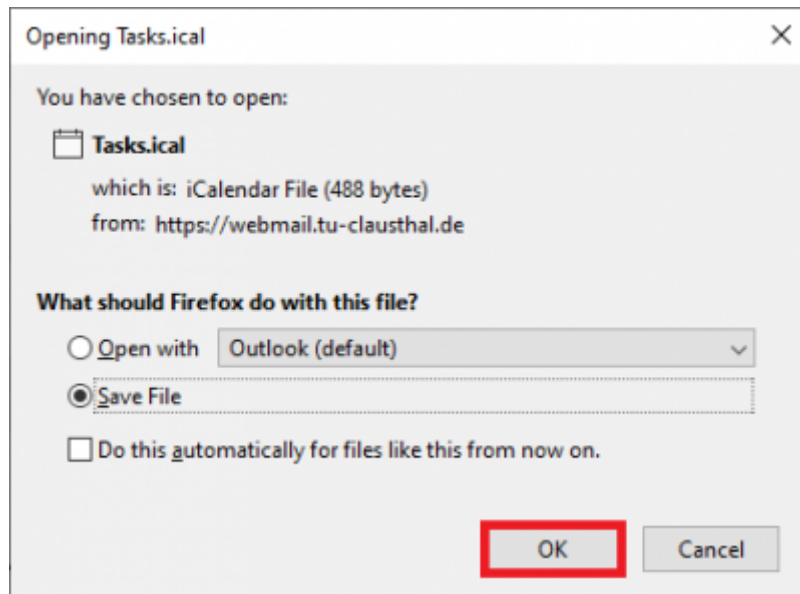

3. exporting the tasks:

- Click on *export tasks data* and save the file on your computer.

- Click on *Ok* to save the file.
