

# Using eduroam on iOS devices (iPhone / iPad)

deutsche version

## 1. Requirements

You have to accept the WiFi Conditions once to use the WiFi.

WiFi Conditions: <https://service.rz.tu-clausthal.de/apps/radius/policy>

geltendes Recht verstößt. Bei der Nutzung des WLAN (wie auch des übrigen Netzes) der TU Clausthal ist auf die Einhaltung der Nutzungsordnung und des geltenden Rechts zu achten.

### Anhang

Nähere Informationen zu WiTUC erhalten Sie auf der Seite "[Allgemeine Zugangsinformationen](#)". Der darin enthaltene Paragraph "[Volumenbeschränkungen und Zugangsnetze](#)" gibt Hinweise zu geltenden Volumenbeschränkungen und zu speziellen Zugangsnetzen.

☒ Betriebsregelung akzeptieren

Speichern

## 2. Install the eduroam-profile

- Please download the Configuration-Profile

Configuration-Profile: iOS Configuration-Profile: eduroam

- Confirm the security question.

- Your iOS device loads your configuration profile and shows you the profile manager. (Sometimes the profile manager opens in the background and will be opened, when you leave your browser.):

The configuration package is unsigned because of technical reasons. So don't worry about that. To be assured, you can have a look at the profile in clear text form, so you can check, that it only configures things you wish. This is also possible before installing it. You can check the planned changes by clicking on **More details**

- Please click on **Install** to start the installation:

- This installation has to be authorized by entering your pin.
- The installation of the Telekom Root certificate:

- Please click again on **Install**.
- Now you have to enter your **UserID** and add **@tu-clausthal.de** right behind it, so it looks like this: „<**TUC-User**>**@tu-clausthal.de**“

- Type in the belonging password.
- A summary will be shown. Confirm it by clicking on **Finished**.
- From now on your iOS device will always connect to eduroam, when it's in range.

## De-installation

You can remove the installed profile here: „Settings > General > Profiles > eduroam“ if you tap on „delete“.
